**To: The Central Committee of the UJC**

**Message of Congratulations**

On the occasion of the 10th Congress of the UJC - the youth organization of the Brazilian Communist Party, the Ho Chi Minh Communist Youth Union and the Vietnamese Youth would like to extend our warmest congratulations and fraternal greetings.

We are very pleased to acknowledge that the 10th Congress of the UJC will take place from November 20 to 23, 2025, in Rio de Janeiro, Brazil. We highly appreciate the goals of action and firmly believe that the Congress will not only serve as an occasion to discuss political orientations and outline a revolutionary program committed to building socialism in Brazil, but also as an opportunity to promote political awareness and further expand the communist youth movement across the country.

We firmly believe that, under the leadership of the Brazilian Communist Party, the UJC will continue to grow stronger and achieve greater successes in the coming term, contributing actively to the development of the World Federation of Democratic Youth.

We wish the 10th Congress of the UJC great success and the friendship between our two communist youth organizations ever stronger and more fruitful.

***Comradely Yours,***

**NGUYEN TUONG LAM**
